RE: Former St. Patrick's Church, Portland.

Dear Peter,

On 11/13/15, R. J. Enterprises, along with Shaw Brothers, removed the asbestos coated concrete supporting the various porches and air vents in the front area of the church. This material was placed into a lined dumpster for disposal into a EPA approved landfill.

The waste manifest will be forwarded to you when is returned from the landfill.

If you have any questions, please feel free to contact our office.

Sincerely,

Richard Giberson
