Subject: Fire Alarm System Review for Jewish Community Alliance of Southern Maine, Portland ME

I performed a review of the fire alarm system design drawings for the Jewish Community Alliance of Southern Maine at 57 Ashmont St, Portland Maine. The submittal package included the floor plans, riser diagram, battery calculations, and cut sheets.

I found that the revision, dated July, 19 2016, of the fire alarm system design to be code compliant and adequately support the fire detection, alarm and notification requirements of this facility.
