Jack -

I'm trying to complete my zoning review and I need some more information.

What are the total dimensions of the new deck including the original deck and the expansion? Also can you dimensions the stairs that come of the deck? I did not see a scale to show how much each box measured in the grid for the deck.

Please just email this information back to me directly. It would be good to have a sketch of the deck with the dimensions included on it.

Thanks.

Ann
