BUILDING PERMIT INSPECTION PROCEDURES

Please call 874-8703 or 874-8693 (ONLY)

or email: buildinginspections@portlandmaine.gov

With the issuance of this permit, the owner, builder or their designee is required to provide adequate notice to the city of Portland Inspections Services for the following inspections. Appointments must be requested 48 to 72 hours in advance of the required inspection. The inspection date will need to be confirmed by this office.

- **Please read the conditions of approval that is attached to this permit!! Contact this office if you have any questions.**
 - **Permits expire in 6 months. If the project is not started or ceases for 6 months.**
 - **If the inspection requirements are not followed as stated below additional fees may be incurred due to the issuance of a "Stop Work Order" and subsequent release to continue.**
1. Footings/Setbacks prior to pouring concrete
 2. Close In: Elec/Plmb/Framing prior to insulate or gypsum
 3. Final Inspection

The project cannot move to the next phase prior to the required inspection and approval to continue, REGARDLESS OF THE NOTICE OF CIRCUMSTANCES.

IF THE PERMIT REQUIRES A CERTIFICATE OF OCCUPANCY, IT MUST BE PAID FOR AND ISSUED TO THE OWNER OR DESIGNEE BEFORE THE SPACE MAY BE OCCUPIED.

PORTLAND MAINE

Strengthening a Remarkable City, Building a Community for Life • www.portlandmaine.gov

Director of Planning and Urban Development
Jeff Levine

Job ID: 2012-10-5284-ALTR

Located At: 71 BANCROFT ST

CBL: 193- A-029-001

Conditions of Approval:

Zoning

1. This permit is being approved on the basis of plans submitted. Any deviations shall require a separate approval before starting that work.
2. As discussed during the review process, the property must be clearly identified prior to pouring concrete and compliance with the required setbacks must be established. The expanded rear deck must meet the rear setback of twenty-five (25) feet. Due to the apparent proximity of the rear setback of the proposed addition, it may be required to be located by a surveyor.
3. This property shall remain a single family dwelling. Any change of use shall require a separate permit application for review and approval.
4. The exact front setback to the proposed new landing & stairs is unclear. The minimum front yard setback is 25' or the average of the front yards of the houses on either side which was not provided. If the new 6' x 4' landing and stairs does not meet the 25' front setback, it is being approved under section 14-425. The landing & stairs must not extend more than six feet off the building and the footprint may not be larger than 50 square feet. Also, the new landing may have a roof over it but it cannot be enclosed if it encroaches into the front yard setback. If it meets the average front setback of the houses on either side, then it can be enclosed. * the average setback is 16.75' & the proposed is 23.5' (0.16)

Building

1. Separate permits are required for any electrical: plumbing, sprinkler, fire alarm, HVAC systems, commercial hood exhaust systems and fuel tanks. Separate plans may need to be submitted for approval as a part of this process.
2. Frost protection must be installed per the enclosed detail as discussed w/owner/contractor (at least 4' from grade).
3. Section R317 Protection of Wood and Wood Based Products against decay. All wood framing members that rest on concrete or masonry exterior foundation walls and are less than 8 inches from the exposed ground.
4. A graspable handrail (34-38 inches in height) shall be provided on at least one side of each continuous run of treads or flight with four or more risers. Fall protection (36 inches) from exterior decks may be required if floor joist are at or above thirty (30) inches from grade.

5. R312.3 Opening limitations. Required guards shall not have openings from the walking surface to the required guard height which allow passage of a sphere 4 inches in diameter.
6. The maximum riser height shall be 7 3/4 inches; the minimum tread depth shall be 10 inches.
7. Stairway headroom shall be not less than 6 feet 8 inches measured vertically from the sloped plane adjoining the tread nosing or from the floor surface of the landing or platform.
8. R311.7.1Width. Stairways shall not be less than 36 inches in clear width at all points above the permitted handrail height and below the required headroom height.

Ann Machado - 71 Bancroft Street

From: Ann Machado
To: Brad Saucier; Gayle Guertin; Lannie Dobson
Date: 12/3/2012 1:34 PM
Subject: 71 Bancroft Street
CC: Jonathan Rioux

Permit #2012-10-5284 was issued for 71 Bancroft Street. Part of the permit was to extend the front landing. The owner has changed the footprint slightly and is now inclosing more of the entry. It does not need an amendment but the owner needs to submit framing plans. His contractor is drawing up the framing plans.

I am all set zoning wise.

The permit is Jon's hold basket. Will you please let Jon know when the new plans come in?

Thanks.

Ann
