Ann,
Per your request, we will do the awnings with the colors depicted but without signage, in other words, in plain orange.

Thank you for getting back to us so quickly; it is much appreciated.

Scott & Mary -

Scott this email is a followup to our telephone conversation. The property is located in the B-2 Zone. For a single tenant, Table 2.6 (section 14-369.5) states the permitted number of building signs is 1 per building facade facing an abutting street plus one additional. 1412 Congress only fronts on Congress so there can be a total of two wall signs. The wall signs meet the criteria but the awnings with signage also count as signs for a total of 5 proposed signs which is more than what is allowed.
