

**SITE WORK
DAILY FIELD REPORT**

PROJECT: Terminal Enhancement at the Portland International Jetport

DATE: 12/6/10

PROJECT LOCATION: Portland, Maine

PROJECT NO.: 557-14

CLIENT: City of Portland

WEATHER: partly cloudy

CONTRACTOR: Turner Construction Co.

PREVIOUS DATE ON SITE: 12/3/2010

Time on-site at 1.75 hrs, 24 mi (PV) travel, Tolls: \$0.00

CPU 3 set of cylinders made 12/3/2010. Cylinders were left in curing box over the weekend with hot water, but curing temperatures fell to below 40°F. 7 day breaks all exceeded design strength.
