To Whom It May Concern,

This letter verifies that the work performed under Building Permit # 2013-02207 (Install above ground fuel system - above ground 6,000 gallon gasoline storage tank & associated underground piping - dispenser/vacuum island & canopy - for rental car refueling not retail) issued by the City of Portland at the above address has been completed. Inspections have been recorded and the work appears to be in accordance with the applicable code requirements. This does not certify that the property is free of building code violations.

If you have any questions, feel free to contact me at this office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Don McPherson', written in a cursive style.
