Good afternoon,

I have attached the building permit, fast track and documents I am hoping it is correct. This is going to be for removing a 8,000 gallon underground tank there is not a taking going back we will be filling it with clean fill and paving to grade. The one thing I had trouble finding is the chart, block and lot number. I have attached the chart # 210A but the address did not come up I do know that it is unit 11.

We would like to remove this on December 4 and get it paved on the 6<sup>th</sup> before the paving companies close for the winter.

Please let me know if you

Happy Thanksgiving

Thank you
