Re: Mobile Classroom

Dear Mr. Knowles:

On January 30, 1992 the Portland Planning Authority granted minor site plan approval for the installation of a mobile classroom and landscaping at Christchurch.

Approval was granted with the condition that the mobile classroom will be on-site for no more than 5 years. If this time frame is exceeded, such an extension will be considered a conditional use and must be reviewed by the Planning Board.

The approval is based on the submitted site plan. If you need to make any modifications to the approved site plan, you must submit a revised site plan for staff review and approval. The site plan approval will be deemed to have expired unless work in the development has commenced within one (1) year of the approval or within a time period agreed upon in writing by the City and the applicant. Any request to extend site plan approval must be received in written form, prior to original site plan approval expiration. A performance guarantee in a form acceptable to the City of Portland, and an inspection fee equal to 1.7% of the performance guarantee will have to be posted before a building permit can be issued. A defect bond, consisting of 10% of the performance guarantee, must be posted before the performance guarantee will be released.

If there are any questions, please contact the Planning Staff.

Sincerely,

Joseph E. Gray, Jr.  
Director of Planning and Urban Development

Site Plan Review  
Christchurch  
1888-1904 Congress Street

Submitted to:

Portland Planning  
Board

June 9, 1981

## INTRODUCTION

Christchurch has submitted a site plan for a proposed church building to be constructed at 1888-1904 Congress Street in the City of Portland. The Planning Board is asked to review this site plan in accordance with Chapter 604, the Site Plan Ordinance.

Notice has been mailed to nearby residents and property owners informing them of the Planning Board meeting.

## II. PROJECT DATA

### Land Use Information

Total Site Area. 217,296 sq. ft. (approx. 223x990)  
Parking: 43 proposed, 26 required by Zoning Ordinance  
Use: Church/Sunday usage and perhaps an additional day per week.  
Assessors Reference - 212-A-25  
Zone: R-2  
Road Width - 24 ft.

### Unit Information

Total Floor Area. 5,280 sq. ft.  
Ground Floor Coverage. 2,640 sq. ft. / two story building  
Sewerage System. Septic Tank System

### Economic Information

Estimated Cost of Construction. \$150,000

## III. STAFF REVIEW

Christchurch proposes to construct a single church building on a rectangular parcel located on outer Congress Street. Surrounding land uses in this R-2 Residential Zone include a vacant tract of land of over 9 acres which is presumably for sale and single family homes.

Christchurch will use the downstairs of the structure for a general meeting area. The upstairs will be used for a sanctuary. The proposed building will be the first phase of construction for the church. A phase two expansion may follow sometime in the future.

Section 604.6 of the Site Plan Ordinance outlines the standards for site plan approval. The site plan is reviewed as follows:

### 1. Provisions for vehicular loading and unloading and parking for vehicular and pedestrian circulation on site.

There are an estimated 43 vehicle spaces on the site. Pedestrian walkways are shown from the parking areas to the church. No provision for pedestrian access from Congress Street is provided.

### 2. Bulk, location and height of proposed building.

The proposed structure complies with all zoning requirements including space and bulk requirements. The waste disposal system to be used will be a 1000 gallon septic tank. This system has been reviewed and approved by the City Plumbing Inspector.

3. On-site landscaping

No formal landscaping plan has been provided. Existing trees, grass and shrubs will remain. The one neighboring residence is screened by existing vegetation.

4. Drainage

The site plan has been reviewed and approved by the Public Works Department.

5. Lighting

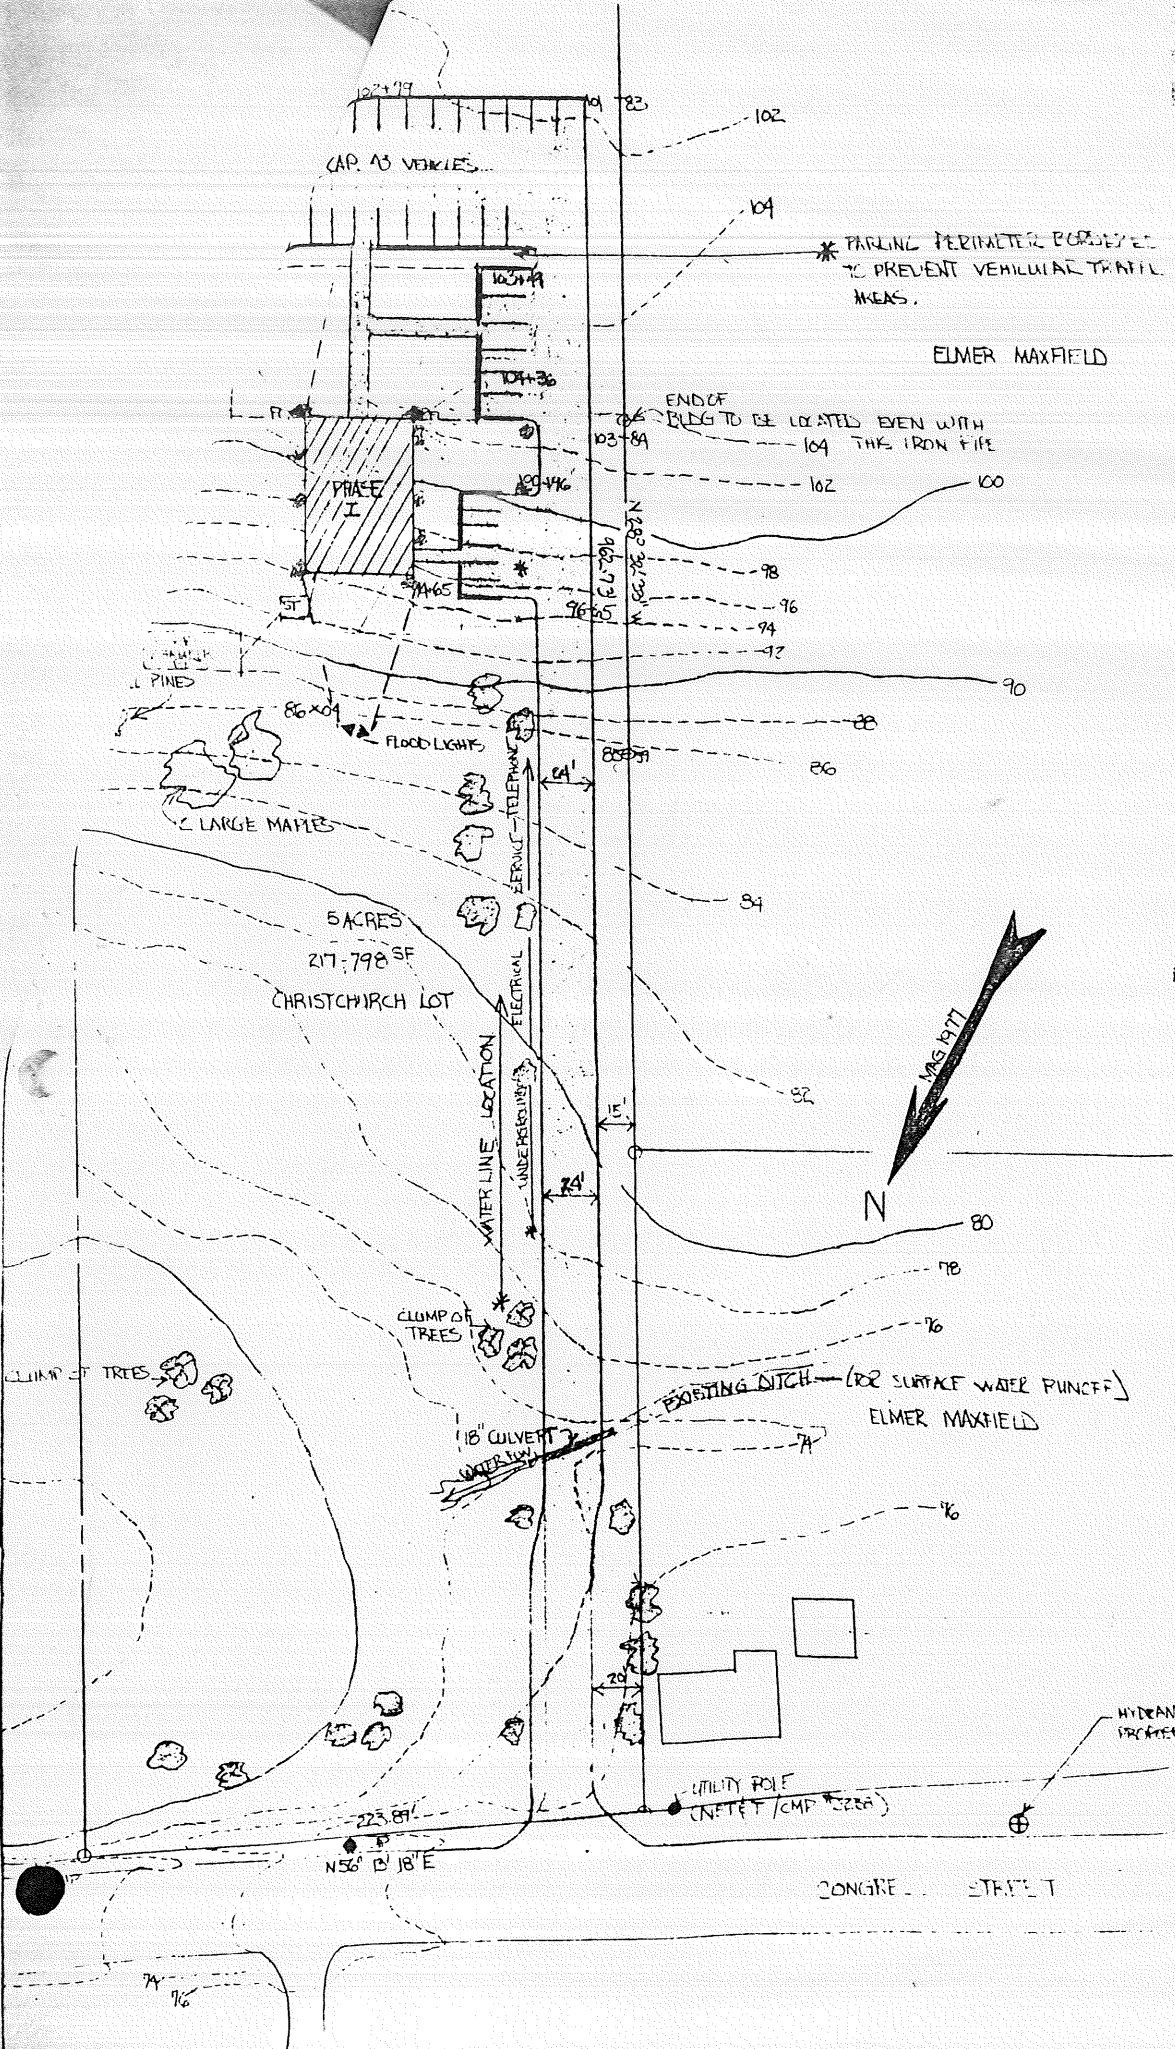

One flood light is proposed. The 150 watt flood type bulb will be aimed in such a manner as to illuminate a cross which will be located on the front of the church. No additional lighting is contemplated.

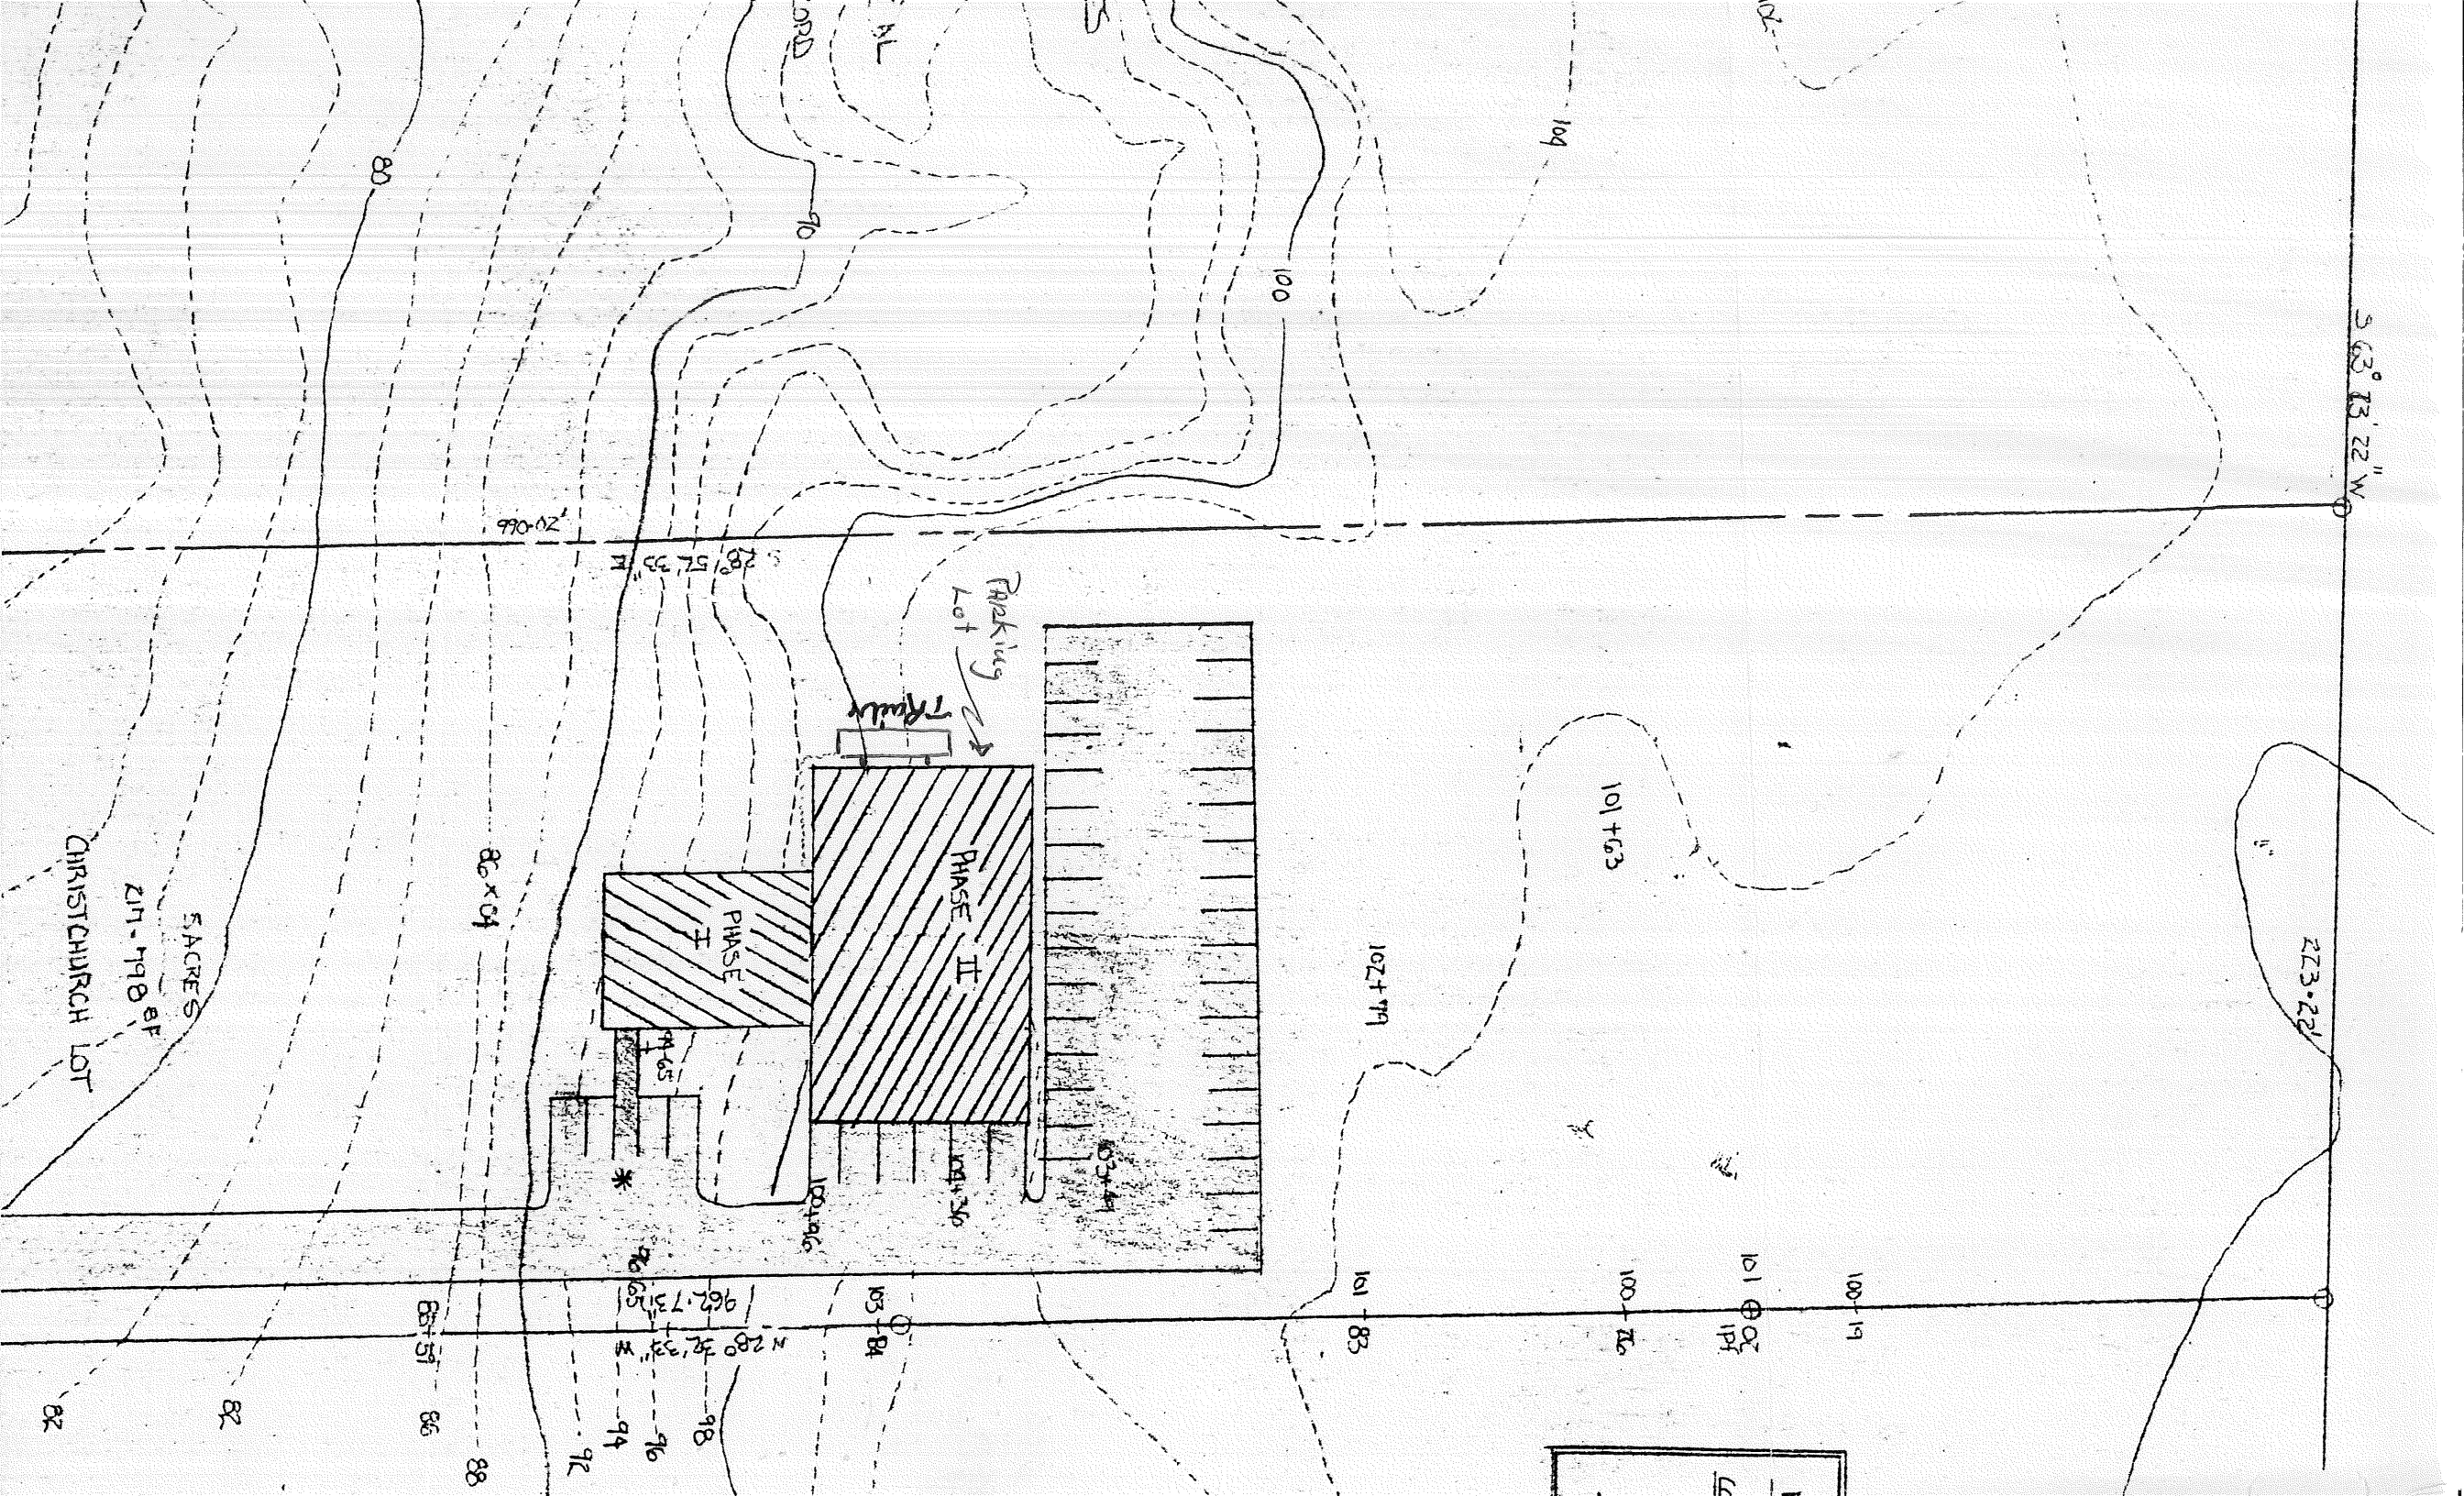

6. Financial capability

The Planning Board may request proof of financial capability.

7. Fire Safety

Lt. Collins of the City Fire Department requires that a fire hydrant be located within 800 feet of the proposed structure. An existing hydrant is located 700 feet from the building.

1900 CONGRESS STREET - PORTLAND, MAINE 04102

Pastor - Rev. Dick Rasanen      Pastor Emeritus- Dr. Dick Petersen

Church- (207) 775-1900      Home- (207) 773-1073

Dec. 3rd 1991

We are not ready to complete phase two as shown on our sight plan, for a second building.

Christchurch is in need of three more Sunday School Class Rooms, seeing that this is a pressing matter, our congregation voted to purchase a mobile class room unit.

This unit will be placed next to phase one as so noted on sight plans.

CITY OF PORTLAND

December 23, 1991

Neville Knowles  
Christchurch Evangelical Covenant  
1900 Congress Street  
Portland, ME 04102

Dear Mr. Knowles:

Upon preliminary review of the Christchurch proposal to install a mobile classroom on the site, staff has required the following:

- Landscaping plan indicating plantings around the proposed structure; and
- A note on the plan stating that the structure will be in place for no more than 5 years. If the applicant intends to extend this time frame, the extension will be considered a conditional use and must be reviewed by the Planning Board. Likewise, if at any time an additional mobile classroom is proposed, the Planning Board will be the reviewing authority for such an expansion of a conditional use.

Because of its location in a residential zone, landscaping is required around the building. When a parking lot was installed where Phase II was originally approved, this expansion was not reviewed. Had it been, additional landscaping would have been required. Additionally, it is customary to require landscaping around mobile classrooms, as was the case with the mobile classrooms at Jack and Longfellow Schools.

Please do not hesitate to call if you have any questions.

Sincerely,

Sarah Greene
