Attached please find a change of use application for 72 City Line drive in Portland, Maine. I have attached a drawing of the premises showing where the unit will be located, along with a description of the materials to be used. Also attached is a fast Track application. We plan to be using this space starting July 1, 2015 and expect to be able to answer any and all questions you may have on this project and its components.

Please contact me with any questions you may have, and forward me an invoice for this process at your earliest convenience.

Thank you!
