re: 2211 Congress Street: UNUMProvident Records Storage

Dear Ms. Flynn:

On May 30, 2000 the Portland Planning Authority approved the site plan application for the records storage facility at the campus on Congress Street.

The proposed site plan was found to be in conformance with the Site Plan Ordinance of the Land Use Code. We also understand that you have applied to the Maine Department of Environmental Protection for approval of a modification to your Site Location of Development permit.

Please note the following provisions and requirements for all site plan approvals:

1. No performance guarantee will be required for this project. However, an inspection fee of \$300.00 will be required.
2. The site plan approval will be deemed to have expired unless work in the development has commenced within one (1) year of the approval or within a time period agreed upon in writing by the City and the applicant. Requests to extend approvals must be received before the expiration date.
3. A defect guarantee, consisting of 10% of the performance guarantee, must be posted before the performance guarantee will be released.
4. Prior to construction, a preconstruction meeting shall be held at the project site with the contractor, development review coordinator, Public Work's representative and owner to review the construction schedule and critical aspects of the site work. At that time, the site/building contractor shall provide three (3) copies of a detailed construction schedule to the attending City representatives. It shall be the contractor's responsibility to arrange a mutually agreeable time for the preconstruction meeting.

O:\PLAN\CORRESP\SECRETAR\FORMS\SITEPLAN.WPD

5. If work will occur within the public right-of-way such as utilities, curb, sidewalk and driveway construction, a street opening permit(s) is required for your site. Please contact Carol Merritt at 874-8300, ext. 8828. (Only excavators licensed by the City of Portland are eligible.)

The Development Review Coordinator (who is located at DeLuca Hoffman at 775-1121) must be notified five (5) working days prior to date required for final site inspection. Please make allowances for completion of site plan requirements determined to be incomplete or defective during the inspection. This is essential as all site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind.

If there are any questions, please contact the Planning Staff.

Sincerely,

Joseph E. Gray, Jr.
