Glenn,

Yes. They are for reference only. The document set was issued as one entire package. The bulk of the documents were provided for HO3 but the HO2 documents were filtered in through the set. When issuing the permitting applications, I coordinated which documents were for HO2 only for the purposes of that permit. I hope this helps. I passed along your question on Stair 2 to the design team for their response.

Please let me know if you have any further questions. Thank you.
