Hi Tori,

Our architect forwarded to us the invoice from your office regarding the Clark Insurance interior fit-up at 1945 Congress St. For some reason it seems the incorrect dollar amount was used on the application in order to calculate the permit fee.

The current cost of the project is actually \$828,908.

Based on this construction cost, I come up with a revised permit fee of **\$12,444**.

Can we get the invoice revised accordingly?

I appreciate your help.
