Marge, thank you very much for all your help on this. After reviewing the information you have provided I also conclude that there does not appear to be any vegetation removal violation on the property. I will advise the complainant of this conclusion.

Thank you again.

Hi Mike,

I also have a 2001 photo of the site. It was actually more open in 2001 than it is now looking. Natural growth has been allowed to occur.

I hope this helps you,

Marge
