Dept: Fast Track		Status: Approved w/Conditions		Reviewer: Jonathan Rioux
				Approval Date: 12/19/2016
Note:		Ok to Issue: <input type="checkbox"/>		
Conditions:				
1) The review of this permit did not include a review or confirmation of the zoning legal use. It is only approving the specific work described in the plans and forms submitted. The current use of the property may be found to be unlawful.				
Carbon Monoxide (CO) alarms shall be installed in each area within or giving access to bedrooms. That detection must be powered by both the electrical service (plug-in or hardwired) in the building and battery.				
Hardwired (non- ionization detection technology) interconnected battery backup smoke alarms shall be installed in each bedroom, protecting the bedrooms, and on every level.				
Separate permits are required for any electrical: plumbing, sprinkler, fire alarm, HVAC systems, commercial hood exhaust systems and fuel tanks. Separate plans may need to be submitted for approval as a part of this process.				
This permit is approved based upon information provided by the design professional. Any deviation from the final approved plans requires separate review and approval prior to work.
