And what would your total cost of work be on this job?

Christine, we are going to make this easier; no need to fill out the BUILDING permit. This all can be done on the HVAC permit. Provide the documentation as required (as you did with this one) and still provide the plumbing permit, electric permit. Also, please remember, the majority of your jobs are fast trackable...I have attached another copy to this e-mail. Keep a blank copy for your use for all the other permits coming.

Hello!

Attached you will find the permit applications for 35 Winding Way.
Let me know if you have any questions!
