

A Look Inside the Greenstar Combi Boiler

Optional Base

The Greenstar installation stand is a convenient option when retrofitting a residential boiler. We can now offer our gas high efficiency condensing Greenstar wall-boilers on the floor if wall mounting is not convenient.

Wall Mounted

or

Floor Standing with Optional Base

End user benefits

- ▶ Small footprint – offers modern appliance style appearance
- ▶ Solution for a floor boiler with 95% AFUE, saving fuel and qualifying for utility rebate (where available)
- ▶ Bosch Greenstar Installation Stand is visually appealing with matching color and profile of boiler

Installer benefits

- ▶ Same boiler on wall and floor – fits all Greenstar models
- ▶ Installers are already familiar with the appliance – same commissioning, set-up, and applications
- ▶ No additional training necessary – already trained on Greenstar boilers
- ▶ Same connections and accessories as wall boiler
- ▶ Easy service and accessibility of components at comfortable height
- ▶ Robust, sturdy construction with floor support bracket (not just a frame on the floor)
- ▶ Floor standing combi boiler solution available
- ▶ Sufficient space for condensate pump below the boiler
- ▶ Possibility to prepipe the stand offsite

Stand dimensions: 13 $\frac{3}{4}$ " deep, by 17 $\frac{3}{8}$ " wide by 20 $\frac{3}{8}$ " high
Total height of stand and boiler: 54 $\frac{3}{8}$ "
