Conditions:				
1) This property shall remain a single family dwelling. Any change of use shall require a separate permit application for review and approval. 2) This permit is being approved on the basis of plans submitted. Any deviations shall require a separate approval before starting that work.				
Dept: DRC Status: Approved w/Conditions Reviewer: Philip DiPierro Approval Date: 10/23/2014 Note: Ok to Issue: <input checked="" type="checkbox"/>				
Conditions:				
1) All Site Work will conform to the City of Portland ordinance on Shoreland Regulations (Division 26). 2) Two (2) City of Portland approved species and size trees must be planted on your street frontage prior to issuance of a Certificate of Occupancy. 3) The Development Review Coordinator (874-8632) must be notified five (5) working days prior to date required for final site inspection. Please make allowances for completion of site plan requirements determined to be incomplete or defective during the inspection. This is essential as all site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind. 4) All damage to sidewalk, curb, street, or public utilities shall be repaired to City of Portland standards prior to issuance of a certificate of occupancy. 5) A sewer permit is required for your project. Please contact Carol Merritt at 874-8300, ext . 8822.The Wastewater and Drainage section of Public Services must be notified five (5) working days prior to sewer connection to schedule an inspector for your site. 6) A street opening permit(s) may be required for your site. Please contact Carol Merritt ay 874-8300, ext. 8822. (Only excavators licensed by the City of Portland are eligible.) 7) The Development Review Coordinator reserves the right to require additional lot grading or other drainage improvements as necessary due to field conditions. 8) Priot to the start of construction or ground disturbance activities, a preconstruction meeting shall be held at the project site. This meeting will be held with the General Contractor, Excavating Contractor, Development Review Coordinator, Public Services Representative, and the applicant, to review the construction schedule and critical aspects of the site work. It shall be the contractors responsibility to arrange a mutually agreeable time for the preconstruction meeting. 9) Erosion and Sedimentation control shall be established and inspected by the Development Review Coordinator prior to soil disturbance, and shall be done in accordance with Best Management Practices, Maine Department of Environmental Protection Technical and Design Standards and Guidelines. All Erosion and Sedimentation control measures must be inspected and maintained daily. 10) The limits of allowable clearing shall be clearly marked with flagging or temporary fencing. Absolutely no clearing is to take place within, or encroach into the "do not disturb/no cut" zone. All conditions listed in the approved subdivision plan, as they relate to this lot shall be followed. 11) The applicant shall have a licensed surveyor install, prior to the issuance of any Certificate of Occupancy, permanent mounumentation/pins identifying property corners.				

- 12 This site must comply with the Landscape Preservation Standards outlined in the Land Use Ordinance, section 14-526(b)2a, stating that a minimum of 30% of existing trees, ten (10) inches DBH or greater, within the required setback, must be preserved. Trees that are designated to be saved are to be protected during excavation and construction. Tree protection fencing is to be installed around the tree canopy drip line prior to the start of any excavation. Tree protection measures are to be inspected and maintained daily.
- 13 A performance guarantee will be required to cover the cost of site work not completed due to seasonal conditions ie., finish grading, loaming, seeding, mulching, installation of street trees, etc. The performance guarantee must be reviewed, approved, and accepted by the Planning Authority prior to the release of a Temporary Certificate of Occupancy.
- 14 The site shall be developed and maintained as depicted in the approved site plan, written submission of the applicant, and these written conditions of approval. The modification of the approved site plan or alteration of a parcel which was the subject of site plan approval shall require the prior approval of a revised site plan by the Planning Authority.
- 15 All Site work (final grading, landscaping, loam and seed) must be completed prior to issuance of a certificate of occupancy.
