**Attachments:** Sample Storm Main. Agree. - for non sub-divs 9-11-14.doc

David

I am following up on our discussions on Monday regarding the need for a Stormwater Agreement which is a standard requirement as we discussed.

I attach the sample/template for this- please customize for your project and send back to me (without the attachments as long as they are referenced in detail in the agreement) so I can have legal take a look at it before you (or someone) signs it. Any changes other than filling in the blanks should be redlined please.

It will not need to be recorded.

thank you  
Jean
