Nell is bringing the approved site plan to the Inspections Office to go with the application. It should have all the information you need. If not, please let me know so we can address any issues, and move this along.

Thanks very much.

Hi, I believe we spoke this AM; you do still need a plot plan showing the area this is referencing and any dimensions. Please provide and we can enter this application.

Please review the attached building permit for site work with no structures at Ecomaine located at 64 Blueberry Road. Phillip DiPierro said plans did not need to be submitted.

Thanks,

Chris Dyer
