

**466 Capisic Street**

G2 General Notes

- Paved area (driveway) will be in front of garage and extend to street - approx. size 22' x 39'
- 2 street trees will be planted – not sure where they are required- the neighbors on either side do not have them. Please advise.
- The hydrant closest to the proposed construction is on the west side of the street between 450 and 456 Capisic Street.
- Sprinkler System Plan will meet the City of Portland's requirements for single family residential homes.
