

coming when people in the neighborhood would be at work or school. We will be closed school vacation weeks.

i. In general, traffic will consist of 1 or 2 car trips per hour. This is no more than other home occupations allowed in the ordinance, including photographic studios and professional consulting and counseling services.

j. No vehicles even nearing a gross vehicle weight of 6,000 pounds are necessary for our home occupation.

k. The provision of music lessons will not produce offensive noise, vibration, smoke, dust or other particulate matters, odorous matters, heat, humidity, glare or objectionable effects.

Our home occupation is a secondary and incidental use of our residence. The external activity level and impact is negligible and in keeping with the residential character of the neighborhood.

Attached is a copy of the floor plans showing our entire dwelling and area of the home occupation space. We are also enclosing a copy of our deed and the mortgage inspection plan. Photographs of the exterior of our home and the driveway where cars can park are also enclosed.

Thank you for your assistance in this matter.
