Dear Mr. Nugent,

Concerning the use of the second floor at the new lube facility at Forest City Chevrolet 1000 Brighton Ave. There will be no use of the enclosed second floor space until such time as the entire building is sprinkled as required by NFPA 88B. The remainder of the building is currently moving through the planning board process for conversion to a gas station/ market. We anticipate starting the rest of construction within 6 months. Thank you for your consideration in this matter.

Sincerely,

William K. Hopkins
