Dept: Building **Status:** Approved **Reviewer:** Mike Nugent **Approval Date:** 01/07/2005
Note: **Okto Issue:**

Dept: Fire **Status:** Approved with Conditions **Reviewer:** Lt. MacDougal **Approval Date:** 01/05/2005
Note: **Okto Issue:**

Dept: Engineering **Status:** Open **Reviewer:** Tony **Approval Date:**
Note: PUBLIC WORKS ENGINEERING REVIEW ...4/26/04 **Ok to Issue:**

I have reviewed the submittal dated 4/14/04 and offer the following comments:

1. Due to the limited content supplied and received, to date, a detail review of this project can not be accomplished.
2. The applicant's engineer should discuss modifications to the Brighton Avenue frontage with Eric Labelle, the City Engineer. He has some specific requirements as it relates to improvements along Brighton Ave.
3. The applicant needs to be aware that any roadway impacts to Rand Road will require permits and some substantial fees. The fees are large due to the fact that Rand Road is a moratorium roadway.

Dept: Fire **Status:** Approved with Conditions **Reviewer:** Lt MacDougal **Approval Date:** 05/05/2004
Note: **Okto Issue:**

- 1) access shall be from all sides of structure
- 2) additional hydts required per meeting with fire protection engineer
- 3) Application requires State Fire Marshal approval.

Comments:

01/06/2005-mjn: Jay Reynolds advised ok to issue from a planning prospective.

Building Demolition Form (BDF)

A) Pre-Demolition Building Inspection and Abatement Information

Important Notice: This Notification is Required by Law

Maine Law requires that buildings be inspected for asbestos and that asbestos-containing materials be removed from any building prior to demolition. Demolition means the tearing down or intentional burning of a building or part of a building. This includes any institutional, commercial, public, industrial, or residential building. Inspection and/or removal of more than 3 square feet or 3 linear feet of asbestos-containing materials must be performed by an asbestos firm licensed by the ME DEP.

Municipalities are requested to have applicants for demolition permits complete this form prior to the issuance of a demolition permit. The Department also requests that a demolition permit **Not** be issued to an applicant for a "no" answer to any of the questions below. Please call (207) 287-2651 with any questions.

Please answer all questions:

1. *yes* *no* Has the building been inspected by a DEP licensed asbestos consultant?
2. *yes* *no* If asbestos was found, has a 10 day notification sent to DEP?
3. *yes* *no* *n/a* Has the asbestos (if any) been removed by a DEP licensed asbestos contractor?

Note: This form constitutes notification to the Department when asbestos is not present in the building being demolished.

B) General Information

RE: Clearance Letter – Former Ames Department Store - Interior
Pine Tree Shopping Center, Portland, ME

Dear Mr. Cole:

This letter shall serve as notification to Boston Environmental & Trucking, that R.J. Enterprises, Inc. has completed the interior asbestos containing materials abatement at the Former Ames Department Store located in Portland, Maine.

The work areas have also passed final visual inspections performed by LFR, and all air samples collected by LFR yielded satisfactory results of less than 0.01 fibers per cubic centimeter (f/cc) of air. The above mentioned clearance results are the recommended Environmental Protection Agency (EPA) and State of Maine, Department of Environmental Protection, requirement for "clean" (uncontaminated) air upon completion of an abatement activity. Upon completion of clearance testing LFR informed R.J. Enterprises, Inc. that they could dismantle the containment.

Based on the results of clearance testing performed by LFR the asbestos-containing materials identified in the interior of the building have been removed. The regulated materials, which were being removed by Environ has not been completed. There are approximately 12 ballasts remaining in the building. Once these ballasts are removed, interior demolition may commence.

The exterior asbestos containing materials and the shed towards the rear of the buildings shall be removed prior to complete demolition of the structure.

A formal report with all closeout documentation including waste shipment and air sampling data sheets will be forwarded to Boston Environmental & Trucking at a later date

Mr. John Cole
