

## Features and Benefits

### Standard Features

- 5-year Limited Compressor Warranty
- 5-year Limited Heat Exchanger Warranty
- 1-year Limited Parts Warranty
- Anti-Short Cycle Timer (Standard with ReliaTel™)
- Colored and Numbered Wiring
- Convertible Airflow
- Crankcase Heaters<sup>1</sup>
- Direct Drive Plenum Fan<sup>2</sup>
- Easy Access Low Voltage Terminal Board (LTB)
- Electromechanical or ReliaTel Microprocessor Controls
- Filters are Standard on all Units
- Foil-Faced and Edge Captured Insulation
- High Pressure Control
- IAQ Dual Sloped, Plastic, Removable, Reversible Drain Pan
- Liquid Line Refrigerant Drier
- Low Ambient Cooling to 0°F on Microprocessor Models
- Low Ambient Cooling to 40°F on Electromechanical Models
- Low Pressure Control
- Microchannel Coils<sup>3</sup>
- Multispeed Direct Drive Motors
- Operating Charge of R-410A
- Plastic Drain Pan
- Patent-Pending Hybrid Condenser Coil for easy cleaning
- Phase Loss Protection
- Phase Monitor
- Phase Reversal Protection
- Phase Balance Protection
- Progressive Tubular Aluminized Steel Heat Exchanger
- Provisions for Through-the-Base Gas and Condensate Drain Connections
- Quick Access Panels
- Quick Adjust Fan Motor Mounting Plate
- Single Point Power
- Single Side Service
- Standardized Components
- Thermal Expansion Valve

<sup>1</sup> Crankcase heaters are optional on: (T,Y)SC(036,048,060)E, (T,Y)SC(072,090,092,102,120)F

<sup>2</sup> Standard on: (T,Y)SC120F, (T,Y)HC092E,F, (T,Y)HC102,120E

<sup>3</sup> The microchannel type condenser coil is standard for T/YSC(072,090,092,102,120)F and T/YHC (048,060,072,092)F models. The microchannel type condenser coil is not offered on the T/YHC(048,060,092)F dehumidification model.
