Hi Nell,

I spoke with Tom Greer. We discussed the stormwater discharge coming from the two curb outlets. They've reviewed the flow to those areas, and determined that additional erosion control is not required. Based on my discussion with Tom, I am OK with the site as shown.

The only outstanding item from my memo is the NOI for the Maine Construction General Permit. Tom explained that the contractor has not been selected yet, and they will file that permit once the contractor is in place.

I am good with the plans as they are submitted. If you have any questions, or need anything else from me, let me know.

Thanks,

Lauren
