6/30/2006-amachado: Left message with Jim Wolf. The front steps are different sizes on the site plan and building plans. The side entry is on the left on the site plan and on the right on the building plans.

7/24/2006-amachado: Jim Wolf brought in new building plans today because the original ones did not fit the sit plan, but they still don't fit the site plan because they have a daylight basement and deck & the site plan has a bulkhead & does not have a drop of at the rear of the house.

8/21/2006-amachado: Left another message for Jim Wolf about needing building plans that match the site plan.

8/29/2006-amachado: Received revised site plan & building plans that match.

8/31/2006-tmm: called Jim Wolf and went over items needed.

9/8/2006-jmb: Dwight B. Came in to add details to plans, ok to issue

3/20/2008-amachado: Permit has expired. The permit was issued 9/8/06. An amendment (#07-0719) to change the size of the house was issued 7/17/07. No work has been done at the site so the permit has expired since it has been more than six months.
