Subject: Taft Avenue Redevelopment - Level 1 Minor Residential Application

Good Afternoon,

Acorn Engineering is pleased to submit the Level 1 Minor Residential Application for the Taft Avenue Redevelopment project on behalf of Francis (Jim) Drake. The completed application and narratives are attached; this email will be followed by the Construction Drawing and Civil Plan Sets. Per city requirement, a paper copy and CD of the complete application will be provided to the inspections office by tomorrow morning.

This application is being submitted in alignment with the Level 1 Site Alteration Application for the adjacent lot; the site alteration application has been submitted to Barbara Barhydt in the Planning Division, as cc'ed to this correspondence. A copy of the cover letter addressed to Barbara describing the submission and nature of the two applications is also attached.

Please to not hesitate to call the office or myself with any questions or clarifications.
