## NFPA Letter of Compliance

Date: August 23, 2018

To: Ken Clarke (Arthur Dudley Construction)

From: Jeremy A Foss

Re: Sprinkler System Compliance for Amanda C. Rowe Elementary School

High Tech Fire Protection has provided a new fire sprinkler system throughout the Amanda C. Rowe Elementary School located at 23 Orono Road in Portland ME. The system consists of a wet pipe sprinkler system protecting the entire structure. The system contains three sprinkler zones total, two zones for the main floor of the structure and one zone for the upper floor.

High Tech Fire Protection hereby guarantees the design, materials and workmanship for the Amanda C. Rowe Elementary School Project to meet the requirements necessary for an approved NFPA #13 Automatic Fire Sprinkler System per State and local authority. Approved drawings for this project are filed with the SFMO under permit # FSP13533.

Sincerely,  
Jeremy A Foss
