**Attachments:** 3 Candlewyck Terrace.pdf

Dear Zoning Dept.,

I applied for a change of use permit for 3 candlewyck terrace and that permit is pending approval. I need to change the garage door for the same house and I was told by lannie that I can attach the measurements of the current and proposed door along with my pending permit application so that I don't have to apply for a new permit. Attached are the measurements. The new door is custom order to fit exactly to our current garage door. Please let me know if you have any questions 9172174799. Thank you.

Adnan Ahmed.
