Project description/scope of work (attach additional pages if needed): **this is an amendment to permit # 2017-01226 with another set of stairs to be added like the ones going on the already approved addition. The front stairs were found to be rotten therefore we are replacing them in the exact same spot with composite wood to last 30 years or more. I have attached the plans and a photo for your view. Duane is aware of this when he came to inspect our addition foundation on Friday and advised we request an amendment to replace the old stairs. Thank you**
