Dear Mr. Murray:

This is in response to your application for a building permit for an addition and deck for your residence in the R-3 Residence Zone. We have reviewed your plot plan for this proposed project and wish to advise you that the side yard setback for your addition and deck must be a minimum of 14 feet side yard due to the fact that the principal building is two stories in height.

Please therefore amend your plot plan to show the 14 foot side yard for both the proposed addition and the proposed deck.

Sincerely,

William D. Giroux
