No	ote:				Ok to Issue: 🗹			
Co	onditions:							
1)	Building shall comply with City Code Chapter 10 prior to certificate	ate of occ	cupancy.					
2)) Shall meet the requirements of 2009 NFPA 1 Fire Code.							
3)) Shall comply with 2009 NFPA 1 Chapter 16 Safeguards During Building Construction, Alteration, and Demolition Operations. Any cutting and welding done will require a Hot Work Permit from Fire Department.							
	A sprinkler system shall be installed in accordance with NFPA 13D. A no fee One- or Two-family CITY Fire Sprinkler Permit is required.							
5)	 Single-station photoelectric smoke alarms are required. They shall be powered by the building's electrical service with battery backup and shall be interconnected. Smoke alarms shall be installed in the following locations: (1) All sleeping rooms (2) Outside each separate sleeping area, in the immediate vicinity of the sleeping rooms (3) On each level of the dwelling unit, including basements. 							

- 6) Single-station Carbon Monoxide (CO) alarms are required. They shall be powered by the building's electrical service with battery backup and shall be interconnected. CO alarms shall be installed in the following locations:
 - (1) Outside each separate dwelling unit sleeping area in the immediate vicinity of the bedrooms
 - (2) On every occupiable level of the dwelling unit, including basements, excluding attics and crawl spaces
- 7) Fuel-fired boilers shall be protected in accordance with NFPA 101, Life Safety Code.
- Boiler and Fuel-fired heater rooms serving more than a single dwelling unit requires 1 hour separation or sprinklers.
- 8) A copy of the State Sprinkler permit with RMS date and signature shall be provided prior to scheduling of the final inspection.
- 9) Shall meet the requirements of 2009 NFPA 101 Ch. 30 New Apartment Buildings

Dept: DRC	Status: Approved w/Conditions	Reviewer: Philip DiPierro	Approval Date:	09/01/2015
Note:		Ok to Issue: 🗹		

Conditions:

- 1) This site must comply with the Landscape Preservation Standards outlined in the Land Use Ordinance, section 14-526(b)2a, stating that a minimum of 30% of existing trees, ten (10) inches DBH or greater, within the required setback, must be preserved. Trees that are designated to be saved are to be protected during excavation and construction. Tree protection fencing is to be installed around the tree canopy drip line prior to the start of any excavation. Tree protection measures are to be inspected and maintained daily.
- 2) The Development Review Coordinator (874-8632) must be notified five (5) working days prior to date required for final site inspection. Please make allowances for completion of site plan requirements determined to be incomplete or defective during the inspection. This is essential as all site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind.
- 3) All damage to sidewalk, curb, street, or public utilities shall be repaired to City of Portland standards prior to issuance of a certificate of occupancy.
- 4) A sewer permit may be required for your project. Please contact Carol Merritt at 874-8300, ext . 8822. The Wastewater and Drainage section of Public Services must be notified five (5) working days prior to sewer connection to schedule an inspector for your site.
- 5) A street opening permit(s) is required for your site. Please contact Carol Merritt ay 874-8300, ext. 8822. (Only excavators licensed by the City of Portland are eligible.)
- 6) All Site work (final grading, landscaping, loam and seed) must be completed prior to issuance of a certificate of occupancy.
- 7) The Development Review Coordinator reserves the right to require additional lot grading or other drainage improvements as necessary due to field conditions.
- 8) The applicant shall have a licensed surveyor install, prior to the issuance of any Certificate of Occupancy, permanent mounumentation/pins identifying property corners.
- 9) A performance guarantee will be required to cover the cost of site work not completed due to seasonal conditions ie., finish grading, loaming, seeding, mulching, installation of street trees, etc. The performance guarantee must be reviewed, approved, and accepted by the Planning Authority prior to the release of a Temporary Certificate of Occupancy.
- 10 The site shall be developed and maintained as depicted in the approved site plan, written submission of the applicant, and these written conditions of approval. The modification of the approved site plan or alteration of a parcel which was the subject of site plan approval shall require the prior approval of a revised site plan by the Planning Authority.
- 12 Two (2) City of Portland approved species and size trees must be planted on your street frontage prior to issuance of a Certificate of Occupancy.
- 13 Erosion and Sedimentation control shall be established and inspected by the Development Review Coordinator prior to soil disturbance, and shall be done in accordance with Best Management Practices, Maine Department of Environmental Protection Technical and Design Standards and Guidelines. All Erosion and Sedimentation control measures must be inspected and maintaned daily.
