Re: Sign Permit Application
Dt: March 31, 2013

Dear Review Person(s),

We are requesting permission to put up two (2) signs at Forest Avenue.
We are the owners of the property (David and Lisa Melville) and also own the business Trove (a proposed Antiques and Consignment shop). This cover letter will serve as a letter of permission from owners to tenant to apply for and install the sign(s).
Again, we are the property owners AND the tenants. Thank you.

Two signs:

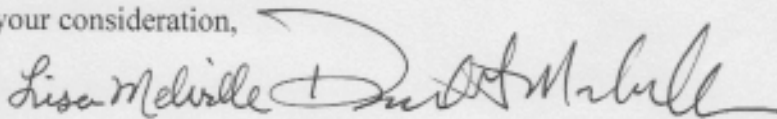

Sign A: A free standing two-sided sign "Trove" on the front lawn approximately 14 feet from the front left corner of the main building. (diagram included). It will be constructed with 4x4 pressure treated posts and steel brackets to support a poplar oval approximately 4.5' wide. (sample photos included). This proposed sign will be illuminated.

Sign B: A rectangle sign "Antiques" affixed with 3" lag bolts on the side of the building above the main entrance. This sign is also poplar with carved letters. (photo included)

Sketches, proposed samples, lot diagram and details for fastening are included.

Thank you for your consideration,

Lisa Melville
