To: Bob Metcalf <metcalf@mitchellassociates.biz>, Helen Donaldson <hcd@portlandmaine.gov>, William Clark <wbc@portlandmaine.gov>

Bob,

I've been talking to Brendan Peters about this. Seems they are now going start the site work first. Would you please forward this email to him. Thanks

Still need the property line established from Stevens Ave to Janet Parker's property. Pins are in across Josh Praver's property.

Brendan has Marc Spillers number from this office on getting what is available for granite curbing. We have an executed easement from Josh Praver who owns the property beside Avesta. The trees are to be cut with the sidewalk moved to the property line. The City will plant new trees this fall on Josh's side of the sidewalk. Still working on the other easements.

Stay in touch.
