- All building corner offsets to boundary lines are from corners/bands and not building foundation, unless noted.

- Per City of Portland Records Vol. 2, Page 20 and Cumberland County Commissioners Records Vol. 16, Page 561, Warren Avenue was laid out January 5, 1892 as 4 rods (66 feet) wide. Per City of Portland Records Vol. 2, Page 203 and City of Deering Records Vol. 1, Page 324, the County Road running from Morrill's Corner to Westbrook was named Warren Avenue by Order of the City Council, passed November 27, 1893.

Sebago Technics plan for John Vance (Plan Reference 10) did not hold the Jordan plans or their previous plan (Plan Reference 7) which appears to have held the above mentioned Jordan plans. Plan Reference 10 held non-integral utility lines which appear to mark the location of a utility line. This office has utilized the above mentioned utility lines as shown on the field Plan Reference 10. This office recommends a boundary line agreement or consulting an attorney for boundary lines along the westerly line of Holmes and the proposed lot, along land of Vance and Bennett, to the northeast corner of Bennett.
- No record assessment found for this drain pipe.
