Subject: Re: submitted (draft) Stormwater Main Agreement- 421 Warren

hi Jean - the stormwater agreement is fine - except that I'd like the management plan to be attached to it as an exhibit. Otherwise, I have no changes.

Jen

This project was approved in May- approval letter attached.

They have sent a letter to respond to the conditions- also attached but without all the attachments.

I have attached the 2 submitted attachments that you need to review:
draft Stormwater Maintenance Agreement
Revised Site Plan (for context) - there is no plat as this is commercial so we may want notes on the plan?
I have also sent the draft Agreement to DPS.

Thanks for your sign off or comments.

Jean
