Project: Lean-to addition  
Location: 380 Warren Avenue  
Owner: Alpine realty Corp.  
Mailing Address: 380 Warren Avenue  
Telephone: 207-828-4650

Dear Jeanie:

Please find attached a complete package of plans, documents, and permit application for the construction of a 1,125 square foot building addition for Alpine Realty Corporation. This addition is being built for the storage of winter equipment (plows and sanders).

The addition is a 25'-0" x 45'-0" pre-engineered, metal building manufactured by Package Steel Systems, Inc., located in Sutton, MA. The building is an open lean-to with a high eave height of 17'-1". The roof is a shed type with a galvalume, screw down, roof panel which pitches to the front. The addition abuts the existing hollow masonry block building.

The building has been designed to meet the following codes: IBC 2009, NFPA 101

This project has received planning department approval (see attached).

If you have any questions regarding this project, please feel free to contact me at my office, 892-9800.

Sincerely,

James I. Biskup  
President
