JUL 27 1970

APPLICATION FOR CERTIFICATE OF OCCUPANCY FOR USE OF PREMISES

CITY of PORTLAND

Portland, Maine July 16, 1970

Zone I-2 Industrial Zone

Location 393 Warren Avenue

To the INSPECTOR OF BUILDINGS, Portland, Maine

The undersigned hereby applies for a certificate of occupancy to allow the use of the above named premises for Sales of swimming pools

as set forth on the attached site plan (made by owner whose address is) to show compliance with the Zoning Ordinance according to the intended use and the zone in which the property is located; and in accordance with the following pertinent information:-

Owner (name, address and phone number) J. V. Vance, 393 Warren Avenue

Lessee (name, address and phone number)

Is proposed use to be accessory to a building or other use on this lot? no

If so, what is use of building or other use

If off-street parking is sought, what is proposed maximum number of vehicles to be parked—passenger cars? commercial vehicles?

Have you secured on the site plan the written approval of existing and proposed entrances to and exits from the premises for vehicles over public sidewalks by the Traffic Engineer (Dept. of Public Works)?

And, if access to the premises is available from more than one street, have you secured similar approval by the Planning Board?

Have you shown on the site plan the true location of all trees on the public street along the frontage of the premises (both streets if a corner lot)?

Do you propose to remove or disturb any tree on a public street? If so, have you secured on the site plan the written approval of the Director of Parks and Recreation?

Signature of Owner John B. Vance

By (duly authorized thereto)

\$5.00 paid

THIS IS NOT A CERTIFICATE OF OCCUPANCY

To: J.V. Vance 393 Warren Ave. Portland Maine.

COMMENCING the above proposed use of the premises would be IN VIOLATION of the Zoning Ordinance unless a Certificate of Occupancy is first procured from the Department of Building Inspection.

However, improvement of the premises according to the site plan and the above application may now proceed without further authorization, but subject to the conditions indicated below—notice of readiness for final inspection to be given to this department when the premises have been placed in compliance with the requirements:- Inasmuch as they are considered unattended pools, they must be empty at all times.

INSTRUCTIONS

- First - The applicant is to complete front of this form. The Tax Map Reference can be found on your Real Estate Tax Bill directly following owners name and address in the center of your Property Tax Bill. Billing name and address should be copied from your Water & Sewer Bill as well as the Portland Water District Account Number which is in the lower left corner of the Water and Sewer Bill.
- Second - Mail completed application form to:
City of Portland
Dept. of Public Works
404 City Hall
Portland, Maine 04101
ATTN: MR. WILLIAM GOODWIN
- Third - The Public Works Department will call the person indicated on front side to schedule pre-installation inspection. During this inspection the Public Works section of this form (below) will be completed. Following this inspection Public Works will make copies of the application form. If the application is approved 3 copies will be made, one will be mailed to the Portland Water District, one will be forwarded to the City Plumbing Inspector and one will be mailed back to the Applicant. If the application is denied, one copy will be made and mailed to the applicant showing reason for denial.
- Fourth - Upon receipt of a copy of the approved application, the applicant can purchase and install the sub-meter as approved. Following installation the applicant or his plumber must call the Chief Plumbing Inspector at 775-5451 Ext. 804 for an inspection of the completed installation. Following inspection by the Chief Plumbing Inspector, the Water District will be requested to seal the sub-meter and arrange to have an automatic reading system (if applicable - See General Information) instituted where by the volume shown by the submeter will be credited on the Sewer User Charges of the Bill.

353

GENERAL INFORMATION

Section 22.6C of the "Municipal Code of the City of Portland, Maine" reads as follows:

"Submetering of Water Volume. Any person who feels that recorded water records are not a reliable index of his discharge volume may install an additional water meter of a type approved by the Director to measure the volume of water which can be shown not to enter the sewerage system. The person installing such a meter shall immediately notify the Director of such installation and shall be responsible to the Director for reporting meter readings not less often than every three months. Such person shall be credited with the volume charges for the volume shown by such meter, which meter shall be accessible for reading by the City or its agents at all reasonable times.

The City and the District have arranged to relieve the customer from the reporting responsibility required above if both meters can be read simultaneously by the District Meter Readers during their regularly scheduled visits to read the pre-existing service meter. This can be accomplished by locating the sub-meter directly adjacent to the pre-existing service meter or by equipping the sub-meter located elsewhere with a remote reading register located so both readings can be made at the same time.

Approved meters are Neptune and Rockwell meters, conforming to the following specifications:

- shall meet or exceed AWA accuracy test requirements and be accompanied by a certificate of test accuracy.
- the meters will have straight reading, cubic foot registers.
- the meters will have the meter number stamped into the main case.
- the meters shall be magnetic drive.
- shall have either a rotating disc or oscillating piston.
- shall have a bronze case.

Approved meters are available from the Water District, which sells them for the price the District buys them from the manufacturers. If you wish to purchase a sub-meter from the District you must bring your copy of an approved application with you at time of purchase.

TO BE COMPLETED BY PUBLIC WORKS

Pre-installation inspection by William B. Goodwin
on May 21, 1982

Automatic reading system requested YES NO
 A Watts No 8 ANF Back Flow Preventer or equal shall be installed on the hose bibb.
