Michael
the plot plan is a little deficient in the requirements. This is from the checklist of requirements:

A sketch plan of the lot indicating location of buildings, driveways, any abutting streets or rights of way, lengths of building frontages, street frontages and all existing setbacks. Please indicate, on the plan, all existing and proposed signage with their dimensions and specific locations.

This is all we need to enter this permit. Once we receive this, it can be entered. Thank you.

The Inspections Division has received your application and has done a preliminary completeness check

of your documents. It has been determined that your application does not meet the standard requirements. Please review the application fields, the items required within the checklist and [Applicant Submittal Requirements for Electronic Plan Review](#). Please resubmit your entire application with the appropriate changes and supporting documents accordingly.
