**Subject:** Re: 40 Aldworth general building permit application  
**Attachments:** 40 Aldworth floorplans.pdf

---

Sorry about that! Here are updated floorplans. And, my handwriting is atrocious...sorry about that, too!

Scope of work: Reshingle roof & put vinyl siding on house and outbuildings. Replace kitchen cabinets & bathroom fixtures. Repair drywall & damaged insulation. Put up walls for new closets & laundry area. Repair/replace flooring. Repair stairs, ceilings, windows. Electrical, plumbing, and heating upgrades; see permits for those.

Please let me know if that description is adequate!

Thanks,  
David

Hi David

Your floor plans are not complete. All plans either need to be drawn to scale (with the scale showing on the plan) or all plans need to be dimensioned. Also, a full floor plan means showing all rooms, walls, etc and dimensions/drawn to scale. Your permit will be entered but it will NOT be reviewed until this required information gets back to us.

Attached are the files...let me know if there are any questions!

Thanks,  
David Shedd
