Roger -

I need more information before I can complete my zoning review for this permit.

1. Is this a single or multi-tenant lot?
2. Is this replacing an existing sign? If so, we need a picture.
3. You need a better plot plan. Show the exact shape of the lot with the dimensions. Show the location of the building, the parking and the actual sign. Is the sign facing the turnpike or Warren Ave?
4. The application says the height is 8' from grade. Is this correct?
5. We need a picture of the sign. The sign proof shows the main sign as 4' x 80', yet the Lucas logo and lettering is 4' x 25'. What is on the rest of the 55' x 4' part of the sign?
6. What is the material and how is the sign attached and mounted in the ground.

Please sen any new or revised pdfs directly to me.

Thanks.
