RE: 260 Riverside Street, Portland, Maine - #316-B-006 – (the "Property") - B-4 Zone
Owner: Koller Family Trust

I am the Zoning Administrator for the City of Portland and have the authority to issue this certification. Please be advised that our records show the following information for the Property:

1. The Property currently is zoned B-4 Business Zone, and the present use of the Property is a facility for the maintenance and repair of automobiles and a listed permitted use within such zoning classification (14-229.11(a)14). The improvements on the Property may be rebuilt in their current size and volume if they are damaged based upon Section 14-385 which is enclosed.
2. No current or uncured violations of zoning, land use, building code or certificate of occupancy requirements are reported or pending against the Property.
3. No applications for zoning or land use approval, or variances with any building codes currently are pending.
4. There are no current permit violations on the Property.
5. To the best of my knowledge, there are no current environmental problems concerning the Property.
6. The Property is accessed by Riverside Street, Portland, Maine.
7. Applicable documents:

Copy of the Certificate of Occupancy for the Property is attached.

Copy of site plan review approval is attached.

Copy of building permit is attached.

8. There are no exceptions to the foregoing statements attached or otherwise.

Sincerely,

A handwritten signature in black ink that reads "Marge Schmuckal". The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Marge Schmuckal
Zoning Administrator

Jeff Levine, AICP, Director

Marge Schmuckal, Zoning Administrator

To Whom It May Concern:

Under the City's Land Use Ordinance 14-385 (see attached), there is an allowance to rebuild a legal, nonconforming building after it is destroyed by sudden or accidental acts. This section of the Ordinance applies to all areas and zones within the City of Portland, Maine.

Very truly yours,

A handwritten signature in cursive script that reads "Marge Schmuckal".

Marge Schmuckal
Zoning Administrator

2/6/12

Sec. 14-385. Restoration or reconstruction within an existing footprint of damaged nonconforming structure.

A nonconforming structure damaged by fire, explosion, flood, riot, act of the public enemy, accident of any kind, decay or otherwise may be restored or rebuilt only where:

- (a) The restoration or reconstruction is of a building which is nonconforming only as to land area, setbacks or any other dimensional requirements; and
- (b) Where the restoration or reconstruction will occur entirely within the existing footprint and previous shell of the building and will not create a new nonconformity; and
- (c) Restoration or reconstruction occurs within one (1) year for a nonconforming non-residential structure, or two (2) years for a nonconforming residential structure, of the initial damage where such damage is sudden and accidental. Note that for buildings in Shoreland zones, site regulations may also govern and provide for a shorter period for restoration or reconstruction of nonconforming structures; and
- (d) Restoration or reconstruction necessitated by decay must be completed within one (1) year of the demolition of the building or the commencement of the restoration or reconstruction, whichever occurs first; and
- (e) Any reconstruction, under this provision, in the residential R-6 zone on a lot with 10,000 square feet or less, other than the exact restoration of a previously existing building on the site, shall comply with the applicable standards contained within the Planning and Development Design Manual; and
- (f) A nonconforming building located in the R-6 which is destroyed by fire, explosion, flood, riot, act of the enemy, or accident may be rebuilt under the small residential lot development provisions of the R-6 zone as if the lot were vacant as of January 1, 2005 and such reconstruction shall meet the setback requirements contained therein to the extent practicable; otherwise the building shall be reconstructed within the footprint of the previously existing building such that any nonconformity will not be enlarged.

For the purpose of this section, the footprint of a building is the perimeter of the foundation supporting a structure.

(Code 1968, § 602.17.E; Ord. No. 89-88, 7-19-88; Ord. No. 284-99, §2, 5-17-99, enacted as an emergency; Ord. No. 254-05/06, 6-5-06; Ord. No. 61-07/08, 10-1-07; Ord. No. 240-09/10, 6-21-10; Ord. No. 139-12/13, 2-4-13)

*Editor's note--Ord. No. 89-88, adopted July 19, 1988, amended this section to read as herein set out. See also the editor's note to Art. III of this chapter for additional provisions relative to Ord. No. 89-88.

RE: 260 Riverside Street, Jiffy Lube

Dear Mr. Frank:

On June 4, 1997 the Portland Planning Authority granted minor site plan approval for the Jiffy Lube Building at 260 Riverside Street with the following condition:

- that an executed copy of the deed be submitted by July 31, 1997.

The approval is based on the submitted site plan. If you need to make any modifications to the approved site plan, you must submit a revised site plan for staff review and approval.

Please note the following provisions and requirements for all site plan approvals:

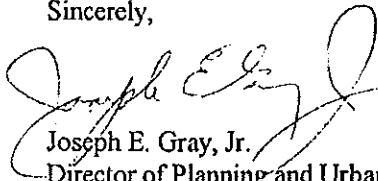

1. The site plan approval will be deemed to have expired unless work in the development has commenced within one (1) year of the approval or within a time period agreed upon in writing by the City and the applicant. A one year extension may be granted by this department if requested by the applicant in writing prior to the expiration date of the site plan.
2. A performance guarantee in a form acceptable to the City of Portland and an inspection fee equal to 1.7% of the performance guarantee will have to be posted before beginning any site construction or issuance of a building permit.
3. A defect guarantee, consisting of 10% of the performance guarantee, must be posted before the performance guarantee will be released.

O:\PLANDEVRE\PROJECTS\260RIVER\APPLTR.KT

4. Prior to construction, a preconstruction meeting shall be held at the project site with the contractor, development review coordinator, Public Work's representative and owner to review the construction schedule and critical aspects of the site work. At that time, the site/building contractor shall provide three (3) copies of a detailed construction schedule to the attending City representatives. It shall be the contractor's responsibility to arrange a mutually agreeable time for the preconstruction meeting.
5. If work will occur within the public right-of-way such as utilities, curb, sidewalk and driveway construction, a street opening permit(s) is required for your site. Please contact Carol Merritt at 874-8300, ext. 8828. (Only excavators licensed by the City of Portland are eligible.)
6. The Development Review Coordinator (874-8300 ext. 8722) must be notified five (5) working days prior to date required for final site inspection. Please make allowances for completion of site plan requirements determined to be incomplete or defective during the inspection. This essential as all site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind.

If there are any questions, please contact the Planning Staff.

Sincerely,

Joseph E. Gray, Jr.
Director of Planning and Urban Development
