

1. The drawing is a technical drawing of a mechanical assembly. It consists of two views: a perspective view on the left and a side elevation view on the right. The perspective view shows a rectangular base with a central vertical post and a top flange. The side elevation view shows the profile of the assembly, including the base, the central post, and the top flange. Both views include dimension lines and labels.

2. The drawing is a technical drawing of a mechanical assembly. It consists of two views: a perspective view on the left and a side elevation view on the right. The perspective view shows a rectangular base with a central vertical post and a top flange. The side elevation view shows the profile of the assembly, including the base, the central post, and the top flange. Both views include dimension lines and labels.
