Department of Permitting & Inspections
389 Congress Street
Portland, ME 04101

To whom it may concern,

The proposed use of the structure remains industrial and no additions or permanent changes are proposed or additional square footage proposed.

The building is fully sprinkled and up to date on all fire safety requirements.

We are aware before occupancy, a fire department audit will be conducted and any other items will be addressed. The site plan illustrates where all doors and exits are located.

Please see application and supporting documents which are included in this packet. Thank you for your consideration.

Sincerely,

John Ready
