Re: Statement of Special Inspections
Construction Materials Testing and Inspection Services
Lucas Tree Tower
636 Riverside Road
Portland, ME
Terracon Project No. J3171016

Dear Mr. Tupick:

White Mountain Communications Corp. retained Terracon to provide Special Inspection and construction materials testing services during the construction of the foundation on the above-referenced project. In this capacity, Terracon has issued periodic reports related to foundation construction documenting the inspection results and findings.

This letter has been prepared to confirm that tower foundation for the Lucas Tree Tower was completed in general conformance with the project plans and specification provided to Terracon by White Mountain Communications Group.

Please contact us if you have questions regarding these services.

Sincerely,
Terracon Consultants, Inc.

Timothy A. Hohlt
