Square Footage info:
Change of Use & Renovation / expansion within existing – 9,250 sf footprint.

Fire Protection:
No fire protection is required for the structure, however since the existing building is sprinkled that system will be updated for the new building use. It is a full 13R system that is monitored and supervised.

The spaces are sprinkled and the system will be upgraded to provide proper sprinkler cover to each sleeping room as well as all appropriate connecting spaces throughout the building..
