Shukria, Barbara -

Attached please find the Administrative Authorization form for the 4x10 crushed gravel condensing unit pad for the ongoing renovations at Spurwink Services 899 Riverside Street Kaufman House. This is submitted per our conversations earlier in the month. I am not sure if this is the most current form, but it is the documentation that is available on your website.

I have also cc'd the Inspection's Mailbox for this application.

Best,
Matthew
