JULY 30, 2010

Project Name: Allagash Brewery Building Addition
Project ID: 10-79900008
Project Address: 50 Industrial Way
Planner: Erick Giles, AICP, LEED AP

Dear Mr. Tod:

On July 30, 2010, the Portland Planning Authority approved a minor site plan for the Allagash Brewery Building Addition at 50 Industrial Way as shown on the approved plan prepared by Richard L. Meek, P.E., Sebago Technics and dated January 7th 2009 with the following conditions:

1. Prior to the issuance of a certificate of occupancy, the applicant shall provide a drainage easement across Lot 17 with CBL: 326-B-10 to be reviewed and approved by Corporation Counsel. **Occupancy will not be allowed absent the recorded easement.**

The approval is based on the submitted site plan. If you need to make any modifications to the approved site plan, you must submit a revised site plan for staff review and approval.

STANDARD CONDITIONS OF APPROVAL

Please note the following standard conditions of approval and requirements for all approved site plans:

1. The site shall be developed and maintained as depicted in the site plan and the written submission of the applicant. Modification of any approved site plan or alteration of a parcel which was the subject of site plan approval after May 20, 1974, shall require the prior approval of a revised site plan by the Planning Authority pursuant to the terms of Ch. 14 of the Portland Land Use Code.
2. The above approvals do not constitute approval of building plans, which must be reviewed and approved by the City of Portland's Inspection Division.
3. Final sets of plans shall be submitted digitally to the Planning Division, on a CD or DVD, in AutoCAD format (*.dwg), release AutoCAD 2005 or greater.
4. A performance guarantee covering the site improvements as well as an inspection fee payment of 2.0% of the guarantee amount and seven (7) final sets of plans must be

submitted to and approved by the Planning Division and Public Services Dept. prior to the release of a building permit, street opening permit or certificate of occupancy for site plans. If you need to make any modifications to the approved plans, you must submit a revised site plan application for staff review and approval.

5. The site plan approval will be deemed to have expired unless work in the development has commenced within one (1) year of the approval or within a time period agreed upon in writing by the City and the applicant. Requests to extend approvals must be received before the expiration date.
6. A defect guarantee, consisting of 10% of the performance guarantee, must be posted before the performance guarantee will be released.
7. Prior to construction, a pre-construction meeting shall be held at the project site with the contractor, development review coordinator, Public Service's representative and owner to review the construction schedule and critical aspects of the site work. At that time, the site/building contractor shall provide three (3) copies of a detailed construction schedule to the attending City representatives. It shall be the contractor's responsibility to arrange a mutually agreeable time for the pre-construction meeting.
8. If work will occur within the public right-of-way such as utilities, curb, sidewalk and driveway construction, a street opening permit(s) is required for your site. Please contact Carol Merritt at 874-8300, ext. 8828. (Only excavators licensed by the City of Portland are eligible.)

The Development Review Coordinator must be notified five (5) working days prior to date required for final site inspection. The Development Review Coordinator can be reached at the Planning Division at 874-8632. Please make allowances for completion of site plan requirements determined to be incomplete or defective during the inspection. This is essential as all site plan requirements must be completed and approved by the Development Review Coordinator prior to issuance of a Certificate of Occupancy. Please schedule any property closing with these requirements in mind.

If you have any questions, please contact Erick Giles at 874-8723 or egiles@portlandmaine.gov

Sincerely,

Penny St. Louis Littell, Director
Department of Planning and Urban Development
