Subject: Foundation Brewing Outdoor Dining Permit
Attachments: Foundation Brewing Outdoor Dining Permit 2015.pdf

Please see attached our outdoor dining permit. In a separate attachment is our certificate of insurance as required. The outdoor space is on private property, and based on my discussions with the inspections office, it's my understanding that because it's on private property, the outdoor permit only needs to be done once, and not annually. Could you please confirm?

Thank you! Looking forward to having good enough weather to even want to be sitting outside!
